# THE ECO-OS CSRD NAVIGATOR

Harness Technology to Automate Key Stages of CSRD Reporting

Leverage ECO-OS's powerful AI tools to automate data collection and initial reporting steps, allowing you to focus attention and allocate resources more effectively.

AI-Powered Submission Assistance

Our cutting-edge technology will automatically populate a significant number of required questions for your CSRD preparations and provide you with a clear, data-driven roadmap for completing tasks that have yet to be adequately addressed by your company.

Bypass Common Hurdles

Our user-friendly, SaaS solution will provide a detailed gap analysis of your CSRD readiness, highlighting inconsistencies among source documents and areas for improvement with precision and efficiency.

The ECO-OS CSRD Navigator is composed of two modules:

The CSRD Starter Kit: Jump-start your CSRD submission process with zero commitment.

The CSRD Accelerator: Once you've completed the Starter Kit, unlock full access to the ECO-OS ESG accounting and intelligence platform to prepare an initial CSRD report.
